SPOILT FOR CHOICE

USE YOUR BANNATYNE GIFT CARD TOWARDS A HOST OF PRODUCTS AND SERVICES.

Personal Training - everyone is different, and we recognise that by providing the opportunity to make things personal! Motivation is crucial in achieving results, whilst being efficient with your time as well as keeping exercise options fresh and interesting. Whether you're new to exercise, want to improve on your performance or break through to reach an all-time target, why don't you use your card to give you that extra boost you deserve?

MYZONE MZ-3 Effort Tracker - traditional fitness trackers record data that often means different things, to different people i.e finishing a 5km run in 25 minutes may mean a personal best for some whilst others would barely break a sweat. In short, the effect of exercise on your overall fitness is as individual as you are. The MZ-3 recognises this flaw and tracks your heart rate (with 99% accuracy) and awards MyZone Effort Points (MEPs) for your exercise. It also records the calories you burn, and streams all the data live to your smartphone. Choose to buy this with your card and you'll find yourself being rewarded on a daily basis!

Cafe Bar - with a fantastic selection in our sociable and relaxing Cafe Bars, from lite bites and nutritional meals to coffee and treats, we'd not judge you if you opted to reward yourself. The majority of our menu has been designed with healthy and nutritionally rich food and drink at the forefront, however, the Bannatyne Gift Card can go towards anything from our Cafe Bar.

Kinetica Protein - Kinetica is a leading and innovative sports nutrition brand, with an extensive range of great tasting and highest quality ingredients and standards. Whether you're a regular exerciser with experience of using supplements to help repair and recover, or want to start off on the right foot, our range of pre and post workout products offer a great tasting solution by using your card to pay at either reception or Cafe Bar.
